

A diagram of a kite with a central circle and a vertical line passing through it, labeled 'C' at the top. The kite is a quadrilateral with two pairs of adjacent sides of equal length. A vertical line passes through the center of the kite, with an arrow pointing upwards and the letter 'C' next to it. The kite is divided into four triangles by two diagonal lines. The top triangle is shaded with diagonal lines. The bottom triangle is also shaded with diagonal lines. The left and right triangles are unshaded. The central circle is located at the intersection of the two diagonals.
